

NOTICE TO MARINERS (REV 1)

Issue date: 29/06/2020

Moray East Offshore Wind Farm: Diving Campaign near Boyndie Bay

As part of the three export power cable installations for Moray East Offshore Wind Farm, Moray East and their contractor NKT intend to undertake diving works near Boyndie Bay. This includes the preparation works on the HDD duct (offshore) exit, cable installation support works, and post-cable installation grouting and finishing works for the project.

Work on the duct and surrounding area will be undertaken by divers connected to diving support vessel "MV C-Fenna" operated by Leask Marine. During diving operations this vessel will be positioned via a four-point anchor mooring spread. Also active during this time will be a crew transfer vessel assisting operations, and transferring personnel will be the MV "C-Spartan", also operated by Leask Marine.

For diving vessel moorings, for the avoidance of any fishing gear or buoyed items posing risk of wire entanglement based on anchor positions, these are marked on the drawing below.

Moray East intends to commence diving preparation works on the 6th of July 2020, for the duct preparation works, and continue diving works on all three cables for installation support, and post-installation grouting and finishing works. This diving campaign is expected to reach completion circa 18th October 2020.

The above dates include some estimated/expected weather delays, however, this activity may be subject to further extension of works.

Onshore Representative:	Andrew Small

2. General Safety Advice

Please be aware that by virtue of its mode of operation the C-Fenna and C-Spartan will be Restricted in their Ability to Manoeuvre (RAM) as defined under COLREGs (International Regulations for Preventing Collisions at Sea 1972, Rule 3). Masters of vessels are therefore requested to maintain their vessels and gears at a minimum safe distance from the vessel of **500 metres** when it is undertaking work and showing the appropriate shapes and lights in accordance with COLREGs Rule 18.

Further updates and Weekly notice of operations can be accessed in the Moray East Website
